Professional Summary

An aspiring computer programmer with proven problem-solving and troubleshooting skills and seeking an entry-level programmer or coder position to continue expanding my knowledge of different languages and systems.

Education

Institute of Information Technology and Management,GGSIPU, India	2021 - 2024
<ul style="list-style-type: none">• BCA CGPA: 8.8	
Government Co-ed Sarvodaya Vidyalaya,CBSE,India	2020 - 2021
<ul style="list-style-type: none">• Commerce (Class XII), 92%	

Skills

- **Technical Skills** : React | Javascript | HTML | CSS | NodeJS | ExpressJS | Mongoose | NextJS | Redux | Tailwind CSS | Restful APIs | Firebase | MongoDB | VS Code | GIT | GITHUB | Data Structures.
- **Soft Skills** : Team Collaboration | Remote Work | Time Management | Communication | Problem Solving

Projects

CLASS-CONNECT:

Feb, 2024

Engineered an innovative platform enhancing learning and collaboration with interactive tools and live video conferencing.

Tech-Stack: React, Express, MongoDB, Mongoose, REST APIs, Firebase, Video SDK, Tailwind CSS, Node JS,HTML,GIT.

- Developed live quizzes, polls, and interactive presentations functionality for both classroom and remote environments.
- Seamlessly Integrated real-time video conferencing for interaction and discussions.
- Implemented detailed or summarized analysis of audience responses on assessment.

HOMESTAYS:

Dec, 2023

A platform for matching local people with a spare home to rent to others who are visiting the area.

Tech-Stack: React,Mongoose,MongoDB,Express,Node JS,AWS S3,REST APIs,Tailwind CSS,HTML.Javascript,GIT,Google Auth.

- Implement search functionality for accommodations for filtering by location, title, and description..
- Enabled seamless booking with email notifications for hosts and guests.
- Achieved a responsive design and secure Google authentication for easy and secure access.

ONLINE CODE EDITOR:

Nov, 2023

Designed a browser-based code editor for seamless code compilation.

Tech-Stack: React,Express,Node JS,code-mirror,One Compiler API,HTML,CSS.

- Supported code compilation for Java, C++, Python, and JavaScript languages.
- Integrated a third-party API for real-time code compilation, streamlining the development process.
- Achieved a responsive design with options for dark and light themes and local storage for recent code.

Achievements

- **Secured 2nd place** in the inter-college coding competition "ODE TO CODE" focused on DSA and problem-solving.
- **Solved over 500+** problems on leetcode, geeksforgeeks on different DSA topics and algorithms.
- Earned 100-day coding streak badge (2023) and 50-day coding streak badge (2023 & 2024).
- Achieved **5-star rating** in Problem Solving in HackerRank and **2-star rating** in Codechef.
